TESTIMONIALS

"Brian, just a short note of personal thanks for participating in our ASI Conference last week. I'd have to say the response to your presentation was overwhelmingly positive; everyone appreciated the content and your delivery, even your candid comments about the looming crisis late in the next decade." - [Dick Motley, Director, FANUC America Corporate](#)

"Wow, what a fantastic talk Brian. Your perspective, advice, data, analysis, and presentation were world-class. That was one of the best talks that I've ever attended. My CFO and I will be looking more and more at 3MMA/12MMA metrics within our industry as we get our hands on more data. By the way, you've got a great sense of humor, which you mixed in hilariously with an extremely professional discussion about US economics." - [Dave Handman, President, Sustineo](#)

"Thanks Brian. Your materials help us plan for the future and give us insight into key indicators so we can be successful running our businesses. Very valuable session." - [David Borish, VP of Operations, Bracalente Manufacturing](#)
